About the JNTU University, Hyderabad
Jawaharlal Nehru Technological University, Hyderabad, was established on 2nd October 1972 by the Legislature of the State of Andhra Pradesh as the first Technological University in the country. It has been in the forefront for the past 44 years in providing quality technological education of relevance in the State of Andhra Pradesh. After 36 years of existence it was restructured into 4 different Universities by the Government vide Government Ordinance No.13, dated 18th August 2008 and Act of State Legislature No.30 dated September 2008 and this new University has been designated as Jawaharlal Nehru Technological University Hyderabad (JNTUH). JNTUH is situated in a sprawling 89-acre campus at Kakatpally, Hyderabad. It has now 4 Constituent Engineering Colleges, one at Hyderabad, one at Kondagattu (Jagthyali), one at Manthani and one at Sultampur (Medak dist.) and 15 other constituent units on Hyderabad campus.
JNTUH offers B.Tech. programmes in 24 disciplines and B.Pharm at U.G level; Integrated 5-year dual degree Master's programme; M.Tech. Programmes in 68 disciplines, M.Pharm. in 11 disciplines; M.Sc. in 10 disciplines; MCA, MBA and Double Degree Programmes at P.G. level; in addition to the offer of M.S., M.Phil., Ph.D. Research Programmes in various disciplines of Engineering, Technology, Science, Management and Humanities. JNTUH has 423 affiliated colleges spread over the Telangana State. JNTUH has more than 3.50 lakhs students on rolls. The University has Memoranda of Understanding (MOU) with many national and international organizations.

About the JNTUH Library
The Library was started for erstwhile IPGSR (Institute of Post Graduate Studies & Research) on a spacious floor in the Academic block on the Main Campus of the JNT University at Masab Tank, Hyderabad. It was upgraded as the University Library in the year 1990. In 2004, the University Library was shifted to a new building of 45,000 Sq.ft area extended in 3 floors at Kakatpally Campus. The Library is centrally located in the campus keeping in view the accessibility to all the Units. The University Library caters to the needs of JNTUH College of Engineering Hyderabad, Institute of Science and Technology, School of Information Technology, School of Management Studies, UGC-Human Resource Development Centre, Directorate of Research & Development, Directorate of University Foreign Relations, and School of Continuing & Distance Education.

The Library is fully automated and equipped with IBM Servers and Dell Desktops. The Digital Library is one of the most important sections of the University Library equipped with modern facilities and up-to-date access to e-resources in the form of e-journals / databases 24762 e-books 3519, theses and dissertations 2700, NPTEL e-lectures, etc. The Library has a collection of 93,000 books and subscribes to 280 print journals of National and International origin in the fields of Science and Technology. It provides Competitive Examination books in CERL section for reference. Under the Shodhganga National Repository of UGC-INFLIBNET Centre, Ahmedabad, JNTU University Library established ETD Lab in the year 2018 at the cost of Rs. 19.57 Lakhs and digitized 620 + Theses and Dissertations and uploaded into the Shodhganga project. Till date nearly 1021 JNTUH Theses are available online. (http://shodhganga.inflibnet.ac.in). Every year the University Library is conducting Refresher Courses, Seminars and Workshops in coordination with UGC-HRDC for the benefit of Library Science professionals. The University Library has also conducted One Two-day National conference & Three-day International conference.

Indian Library Association, New Delhi
Indian Library Association (ILA) is a premier association committed to the cause of Library Movement and Development in India and represents those who work in or advocate for Indian Libraries. To know more about ILA, Visit http://www.ilaindia.net/

About the Conference
Technological advances are transforming libraries. In the midst of this constantly evolving environment, libraries need to ensure that they are still relevant to their users. This is often at the forefront of industry commentary, reflecting the importance and the scale of the challenges. Libraries must take action in order to provide a thorough service in a world which is increasingly impacted by developments in digital technology. The new landscape of the digital age and the impact it has on librarians is not without its challenges. Now, the present generation library and information professionals must keep up-to-date with latest developments across all technologies and mediums while still providing traditional onsite librarian functions. Keeping these developments in mind, this International conference has been planned to provide a platform to discuss, debate and deliberate on the trends, issues and challenges related to the Digital landscape of the libraries in the context of innovating, reengineering and reinventing the library services, products, infrastructure, resources and education and research in LIS.
