

## **From Editor's Desk**

Dear LIS Professionals,

I am happy to present before you the second issue of the Journal of Indian Library Association (JILA) of April-June, 2020. The second issue is brought out under the title, "Bibliometric and Scientometric Research from India" by S.M. Dhawan and B.M. Gupta as Coordinated Editors. I thank S.M. Dhawan and B.M. Gupta for their meticulous work in bringing out a wonderful special issue on Scientometric studies. I thank and congratulate the Editorial Board members and S.M. Dhawan and B.M. Gupta for their support amid the lockdown due to the pandemic COVID-19.

The present issue contains eight articles viz. Thin Films Research: A Scientometric Assessment of Indian Publications during 2009-18 by S.M. Dhawan et al. / E-Commerce in India: A Bibliometric Analysis of Indian Research Publications output during 2003-18 by B.M. Gupta et al. / Reinforcement Learning Research: A Scientometric Assessment of Global Publications output during 2009-18 by Neeraj Kumar Singh et al. / Accessibility and Characteristics of Web Citations in Journal of Computer-Mediated Communication during 2008-2017 by B. Niveditha and Mallinath Kumbar / RFID Applications in Libraries: A Scientometric Assessment of Global Publications output during 1998-2019 by Faizul Nisha et al. / Research on Digital Libraries: A Scientometric Assessment of India's Publications during 2000-19 by P. Visakhi et al. / A Comparative study of University of Mysore and Karnatak University in Science: Research output and Citation impact during 2002-16 by Gourikeremath et al. / Open Source Software (OSS): A Scientometric Study of Global Publications during 1999-18 by Jivesh Bansal and Madhu Bansal.
